From the President

- Daren Konda, P.E., M.ASCE

Thanks to all of those who attended the tour of the new TD Ameritrade Headquarters. The building is really beginning to take shape. Look for the opportunity to tour some time again in 2012.

How did you spend your extra hour as we switched from daylight savings time to standard time? At our construction meeting the challenge was placed to volunteer your time for the extra hour. When attending this months meeting when you sing in please note your volunteer contribution to be shared with the group. The most unique contribution qualifies for a small thank you gift.

This months meeting presented by Jody S. Farhat, P.E., Chief, Missouri River Basin Water Management will be on Managing the Missouri. We will also be recognizing Mayor Jim Suttle, P.E. M.A.S.C.E for receipt of the Professional Practice Ethics & Leadership Award.

Our next meeting will be in Lincoln on January 19, 2012 (the first meeting in 2012) hosted by the Water Resources Group.

The Younger Member group is coordinating a booth at the Benson High School College and Career Fair on Thursday, March 15, 2012. Anyone interested to participate is welcome to volunteer by contacting Andres Torres, P.E. at andres.torres@valmont.com. It can really be a fun time interacting with students and sharing what we do as Civil Engineers.

Watch for upcoming industry tours over the next couple of months. Tentative tour locations are Griffin Pipe, in Council Bluffs and TD Ameritrade Ball Park, in Omaha.

As a benefit to all members the Board has voted to keep dinner meals at \$15.00 for the remainder of the year.

Enjoy the Thanksgiving Holiday with family and friends.

Sincerely,

-Daren Konda, P.E., M.ASCE

September Structural Group Meeting

Thanks to the Structural Group for hosting the September meeting. The list below may be considered official documentation of attendance at the September 15th, 2011 meeting worth 1 PDH credit.
