Elizabeth Vacek, EI,
M.ASCE

From the President

Hello Nebraska Section members! I'd like to welcome everyone to the start of another year in ASCE.

We will be starting this year off with our Structural meeting being held on Thursday, September 19th at Anthony's Steakhouse in Omaha with Mark Traynowicz presenting about the recent 2019 flooding and its impact. The Structural Conference is the following day, September 20th, being held at Scott Conference Center in Omaha.

In the upcoming year, ASCE will continue to host three annual conferences:

- Structural Conference (September 20, 2019)
- Geotech Short Course and Conference (February 20-21, 2020)
- Transportation Conference (May 29, 2020)

ASCE Nebraska Section's monthly meetings will consist of technical presentations in the following areas:

- Structural meeting (September 20, 2019)
- Construction (October 2019)
- Management (November 2019)
- Water Resources (January 2020)
- Geotech (February 2020)
- Environmental (March 2020)
- Transportation (May 2020)
- Annual Banquet/Meeting (June 2020)

In addition to conferences and monthly meetings, there are numerous ways to get involved in ASCE including school outreach events, Truss Bustin' competition, Future City competition, Younger Member Group (YMG) activities, career fairs, E-Week events/outreach, and many others. If you would like to get involved in any of these activities or take on any leadership roles in ASCE, please stay on the lookout for our emails and newsletters this year and contact me or any of our board members if you want more information. We are always looking to get more people involved in the section!

Sincerely,

Elizabeth Vacek
