December Meeting

Due to the holidays, there will be no December meeting. Please see below for information on the GEO-Omaha 2022. Meetings will resume in January with a Management meeting and Water Resources meeting.

Happy Holidays from NE ASCE!

You're invited to the GEO-Omaha 2021, 38th Annual Geotechnical Conference on February 4, 2022.

Early Professional registration fee is \$175 deadline **January 31, 2022**.

The annual geotechnical seminar provides a forum for the presentation of a wide variety of geotechnical field, design, and construction-related topics. A certificate verifying 7.5 Professional Development Hours will be provided to registered attendees (includes 1 hour of ethics).

The event is planned for in-person attendance. Depending on COVID-19 health and safety guidelines at the time of the event, a face covering and social distancing procedures may be required for in-person attendance.

Click on the link below to register.

Brandon Vacek, PE,
M.ASCE

From the President

Dear Nebraska Section Members,

I want to wish you all a very Happy Holidays! I will keep my message to you all brief this month, yet still full of important content.

Due to scheduling conflicts, our Management Technical Meeting will be pushed into early 2022. We will provide information once finalized, so please keep an eye out for that event. In January, we will have our Water Resource Technical meeting and information will be sent out once finalized.

With it being December, please remember to renew your ASCE membership for 2022. For those of you that have an active PE License in the State of Nebraska (Congratulations to those passed their PE exam!) and are up for renewal, please remember to do so.

Hope you all have a safe and joyful holiday season.

Sincerely,

Brandon Vacek
