Registration/Deadline:

Sign up by 1:00 pm Wednesday, January 23, 2019 [HERE](#).

Greg Seib, PE, M.ASCE

From the President

Hello, ASCE Nebraska Section! For this month's newsletter message, I want to pass on a few updates about what is going on in our section. First, a survey is being put together for all the Nebraska Section membership. This 5-10-minute survey will help the leadership of our section to understand what we can do to provide the most value and benefit to our members. Be on the lookout for an email with a link to the survey in the upcoming weeks.

Next, we are continuing to plan for a National Historic Civil Engineering Landmark dedication ceremony in Nebraska. As I mentioned in the previous newsletter, our section recently received approval for our nomination of the Union Pacific Railroad in Nebraska as part of the railroad's 150th Anniversary.

The Dream Big DVD and toolkit was recently mailed out to schools. Over 75,000 schools nationwide will be receiving this DVD and toolkit and with the help of our section, we were able to include every public school in Nebraska.

Finally, we are working on obtaining print versions of the e-book commemorating the Nebraska Section's 100th Anniversary in 2017. Over the next few months, you will have an opportunity to order a hard copy of the Centennial E-Book. More information will be coming soon.

I hope to see some of you at the January 24th Water Resources Meeting.

Sincerely,

Greg Seib, PE, PTOE, M.ASCE

ASCE Nebraska Section President

December Meeting Summary

Thursday evening, December 20th the Nebraska Section's Management Technical Group hosted a meeting. The meeting was held at the new Taxi's Bar and Grill. The list below can be considered official documentation of attendance at the December 20, 2018 meeting and presentation worth one (1) PDH credit.

Vernon Arens
